Hi Guys,

I took the material Todd provided me, along with the notes I had from our meeting earlier this week and drafted the attached document for us to go over at 1:00 pm on Monday.

The items hi-lighted in yellow will need some discussion.

If we can make this work, it may eliminate a lot of anxiety for everyone.

See you then, and have a great weekend.

PS...I hope I got Randy's email correct!!!

Doug

Susan and Steve,

We will be meeting with Doug Burger at 1:00 on Monday, September 8th. We are trying to come up with a process that, could possibly help us deal with Permitting for temporary water lines. It occurred to me that you both might have some input into the letters we receive to approve the use of water wells. If one or both could make it to the meeting it might help us to develop a better process.
